Gli utensili appartenenti a serie beta Cu-Be (coppia) in uso devono essere mantenuti in modo pulito e lubrificati con regolarità per evitare il surriscaldamento.

 Utensils belonging to the Beta Cu-Be series must be kept clean and lubricated regularly to avoid overheating.

 This apparatus' body cannot be used in contact with explosives or with other flammable substances.

 Appareils en bois ne doivent pas être utilisés en contact avec des explosifs ou d'autres substances inflammables.

 Use only designated explosives.
